## Funky

It's different! It's colourful! It's Funky! Our extravagant upholstery fabric in our Avant Garde collection. This collection offers articles with creative, trendy and coloured structures.

This unique design, made from virgin polyester chenille yarns, is woven on a jacquard loom. The yarn dyed colours are woven in smashing colour palette, that will blow your mind.

We have chosen for a few daring colours, combined with some softer, more easy going colours. The allover check pattern is in some colours more visible than in others.

Create your perfect combination with many of our plain commercial fabrics. On the backside a light needle punch coating provides extra stability to the fabric and makes it easy to process. It's machine-washable at 30 degrees Celsius\* and suitable for all types of upholstery, to create your ultimate look.

Do you have the guts to get Funky with us?

- Be careful with sharp objects, Velcro or other material that could damage the fabric.
- Hairiness may appear during usage, kindly note that this can easily be removed with a pilling machine.
- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing.

**Textaafoam originals** Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.
