

# Guard

# Guard

Guard is a nice and luxurious high-quality fabric, woven on a dobby loom and part of the Textaafoam Performance Collection.

This collection only consists of fabrics that meet the highest standards in durability and maintenance, making them long lasting, easy to clean and suitable for almost every type of upholstery.

Stains can easily be taken away with nothing more than a damp cloth. No wonder this article meets all requirements of our specialty Easy Clean Collection; [www.picobello-fabrics.com](http://www.picobello-fabrics.com).

This luxurious fine woven textile meets every style and is suitable for fitted and loose fitting upholstery. The chenille provides an extra soft handfeel and it has a full and rich appearance.

Please kindly note that due to these chenille yarns, shading and sitting mirror (seat depression) will appear, this can be minimized by brushing the fabric regularly or vacuum clean (low power) with an upholstery nozzle with and against the pile.

Full rolls are delivered in a suspended box and cutlengths are wrapped in bubblewrap to minimize the pressure, when a pressure mark is noticed, due to transport, handling or storage. Kindly brush several times against the pile, tension may be used. Please also give it some time so the pile can go back to its original position.

Sitting mirror is a property of these kind of qualities and has no influence on the durability of this fabric.

Guard is also machine-washable at 30 degrees Celsius.

- We recommend to wash the cover inside out and immediately place the cover back to the piece of furniture, slightly damp, after washing.

***Textaafoam originals** Established in 1970, this Dutch family business brings together craftsmen in textiles and furniture design to build an unrivalled portfolio in upholstery fabrics that meets buyer's needs every time. Featuring a wide colour range, ultimate value for money and excellent reliability in the supply chain.*
